

Tier 1

Get-Up-And-Go (Energy) \$100

- Helps burn fat
- Restores energy
- Boosts metabolism
- Improves performance

What's in it?

B-complex, Amino blend

Quench (Dehydration) \$110

- Rehydrates body
- Detoxes your system
- Restores essential vitamins
- Reduces inflammation
- Improves circulation
- Fights fatigue

What's in it?

Ascorbic acid, B-complex, Mineral blend

Brainstorm \$120

- Improve overall brain function
- Increase memory recall
- Enhance certain aspects of learning

What's in it?

Folic acid w/ B12, Taurine, Alpha-lipoic acid

Tier 3

Reboot (Hangover) \$165

- Rehydrates body
- Eases nausea
- Detoxes your system
- Restores essential vitamins
- Reduces inflammation
- Fights fatigue

What's in it?

Ondansetron, B-complex, Mineral blend

Inner Beauty (Skin) \$175

- Hair, skin, and nails
- Reduces wrinkles
- Quenches tired skin

What's in it?

Ascorbic acid, B-complex, Biotin

Tier 2

Recovery & Performance (Athletes) \$150

- Decreases recovery time
- Enhances athletic performance
- Replenishes essential nutrients
- Reduces inflammation

What's in it?

Ascorbic acid, B-complex, Amino blend, Mineral blend

Alleviate \$150

- Helps minimize bloating
- Reduces abdominal discomfort
- Improves irritability
- Helps decrease lower back pain

What's in it?

B-complex, Calcium chloride, Hydroxo B12, Magnesium chloride

Immunity (Illness Recovery & Prevention) \$150

- Helps protect against infection
- Improves healing time
- Boosts immune system

What's in it?

Ascorbic Acid, B-complex, Zinc Chloride

Tri-Immune Boost (Antioxidants) \$150

- Increases immune response
- Optimizes healthy cell function
- Removes damaging molecules from body

What's in it?

Glutathione, Ascorbic acid, Zinc Chloride

Myer's Cocktail (Overall Wellness) \$125

- Alleviate stress
- Reduce seasonal allergies
- Improves immunity
- Restores balance
- Provides hydration
- Helps reduce migraines
- Reduces chronic pain

What's in it?

Magnesium chloride, B-complex, Hydroxo B12, Calcium gluconate, Ascorbic acid

NAD+

\$350

- Anti-aging
- Regulates metabolism
- Boosts immunity
- Increased focus and mental clarity
- Energy
- Muscle function and recovery

What is NAD+?

- **Nicotinamide Adenine Dinucleotide:** a vital molecule within our cells important in mitochondrial and DNA maintenance that declines with the aging process
- Plays a key role in production of energy through ATP generation
- Ensures proper cell function to protect our bodies from aging and disease
- Exerts antioxidant properties
- Aids in regulating the body's circadian rhythm (sleep/wake cycle)

(Infusion lasts from 2-4 hours for best results)

IV Additions

- **Vitamin C (\$15):** ultimate immune system enhancer
- **Vitamin B12 (\$15):** energy, healthy nerve cells, red blood cell production
- **Magnesium (\$20):** a mineral important in maintaining function of nerves, cells, bones, muscles, and heart.
- **Amino Blend (\$25):** enhance athletic performance, decrease muscle loss, burn fat more quickly and improve metabolism. Contains glutamine, ornithine, arginine, lysine, citrulline, and levocarnitine
- **Glutathione (\$30):** the "master" antioxidant, protects cells from free radical damage and helps improve cellular function at all levels. Glutathione is decreased from chronic stress and illness, alcohol use, smoking, chemical toxins, and poor diet.
